Travelling through Reading?

The major reconstruction of Reading station by our industry partners Network Rail continues throughout the validity of this timetable. As part of this work, train services through Reading during Easter 2013 will be affected with train diversions and rail replacement buses in operation. Full details of this work and how it affects your journey will be widely available on our website and at stations. If you are travelling to, or changing trains at Reading station, please allow yourself extra time to make your journey and take extra care while using the station. For more information about this exciting project please visit www.networkrail.co.uk/reading

Advance notice of rail improvement works

As part of the Great Western route modernisation our industry partners, Network Rail, are adding an additional track to the railway between Swindon and Kemble to increase capacity and improve performance along this busy route. From 25 March 2013 onwards late evening services on Mondays to Thursdays will be replaced by buses to allow preparation works to take place, as shown in this timetable. The route will then be closed with rail replacement buses in operation for three weeks during August 2013 — information on this closure will be widely available at our stations and also on our website nearer the time. For more information on the Great Western route modernisation please visit www.networkrail.co.uk/greatwestern

Buy PLUSBUS with your train ticket (at the ticket office or online) for cheaper bus travel around the urban area of the town that's at the start and/or end of your train journey. Visit: www.plusbus.info

Advance notice of rail improvement works

As part of the Great Western route modernisation our industry partners, Network Rail, are adding an additional track to the railway between Swindon and Kemble to increase capacity and improve performance along this busy route. From 25 March 2013 onwards late evening services on Mondays to Thursdays will be replaced by buses to allow preparation works to take place, as shown in this timetable. The route will then be closed with rail replacement buses in operation for three weeks during August 2013 — information on this closure will be widely available at our stations and also on our website nearer the time. For more information on the Great Western route modernisation please visit www.networkrail.co.uk/greatwestern
