As part of this work, train services through Reading during Easter 2013 will be affected with train diversions and rail replacement buses in operation. Full details of this work and how it affects your journey will be widely available on our website and at stations. If you are travelling to, or changing trains at Reading station, please allow yourself extra time to make your journey and take extra care while using the station. MAJOR RAIL IMPROVEMENT WORKS FROM FEBRUARY 2013

Our industry partner, Network Rail, are carrying out major construction works to build the new Crossrail railway and to prepare the Great Western route for new electric trains. As part of this work, late night train services on Mondays to Thursdays between London Paddington and Maidenhead will have reduced frequencies, while Acton Main Line, West Ealing and Hanwell stations will have earlier last trains. Arrangements have been made to enable passengers to use TfL bus services where last services have been affected. If you are travelling on this route on Mondays to Thursdays after 2130 please allow extra time to make your journey. This work will continue throughout the validity of this timetable - full details of these exciting projects and how they will affect your journey will be widely available on our website and at stations. For more information about Crossrail and the electrification of the Great Western route please visit www.networkrail.co.uk/greatwestern
