

GENERAL INFORMATION

This timetable shows the full service from London Paddington and Oxford to Worcester and Hereford.

Rail improvement work

This May, Network Rail and First Great Western begin the final phase of work to create a better railway for the Cotswolds. We've planned the work carefully to minimise disruption but it will mean three periods when there are no trains running:

- From Saturday 28 May until Sunday 5 June (inclusive) there will be no trains between Oxford and Kingham
- From Saturday 6 August until Sunday 14 August (inclusive) there will be no trains between Charlbury and Worcester Shrub Hill
- From Monday 15 August until Sunday 21 August (inclusive) there will be no trains between Moreton-in-Marsh and Worcester Shrub Hill

Network Rail are laying 20 miles of double track to help cut delays, improve performance and enable a faster, more frequent service on the North Cotswolds line. A new timetable for the route will be issued in September to reflect these improvements.

At the time of going to press much of the new track has already been laid and work is being undertaken at night to minimise disruption to train services. However, to complete the improvements we need to close certain parts of the line over the summer. This means there will be unavoidable delays to your journey, particularly affecting evening or weekend travel. Please visit www.firstgreatwestern.co.uk/northcotswold, call National Rail Enquiries on 08457 48 49 50 (24 hours, calls may be recorded) or see local publicity for more information.

For further information about travelling with us please pick up a copy of **Travelling with First Great Western** from your nearest staffed station.

Information correct at time of going to press (March 2011). For the most up-to-date timetable information please create a bespoke timetable at www.firstgreatwestern.co.uk/printtimetable or call National Rail Enquiries on 08457 48 49 50 (24 hours, calls may be recorded).
