Travelling through Reading?

Reading station is being remodelled by Network Rail and we sometimes need to make changes to our train service to facilitate this. Please visit www.networkrail.co.uk/reading for information on this project.

Rail Improvement Works

As part of the Great Western route modernisation, our industry partners, Network Rail, are adding an additional track to the railway between Swindon and Kemble to increase capacity and improve performance along this busy route. On Mondays to Thursdays late evening services will be replaced by rail replacement buses to allow works to take place, as shown in this timetable. The route will close during August 2013 for three weeks to allow major works to take place. During this period rail replacement buses will be in operation. Information on this closure will be widely available at our stations and also on our website. For more information on the Great Western route modernisation please visit www.networkrail.co.uk/greatwestern
