## General information

### Engineering works

Train times shown in this timetable are for the normal planned train service. However, engineering work may mean that these times change at weekends, late evenings or early mornings and during public holidays and special events. When train times change, posters giving details will be displayed at stations.

Our website displays a summary of local train changes or visit National Rail Enquiries' website for more local and national information.

### Public Holidays

On Public Holidays we normally operate an amended service. Full details will be available at stations and on our website. There are no Southeastern services on Christmas Day.

### Bicycles on trains

Cycles can be carried on our train services, except during busy weekday peak periods (trains due to arrive in London between 0700 and 0959, and those due to leave London between 1600 and 1859). Only folded cycles can be carried on these services and these must not block doors or aisles. Cycles are not allowed on replacement buses.

### Safety at stations, platforms and trains

Please take care at stations and keep yourself and your belongings well away from the edge of the platform. Be careful on stairs, escalators and footbridges, especially during wet and cold weather. Please make sure you keep your belongings with you at all times and do not leave them anywhere.

For your safety and security we have CCTV cameras at some stations and onboard some trains. CCTV evidence can be used in court.

Train doors will close 30 seconds before the advertised departure time. Please make sure you have enough time to get on your train safely and please take care when you leave the train.

Some of our trains are longer than the platforms at some stations. We will make announcements on the platform or on the train to make sure you travel in the right coach.
