## Engineering work

As part of the Manchester to Preston upgrade, Network Rail will be carrying out engineering work on this route every weekend until later in the year. This will help boost capacity, delivering faster and more reliable services across the route. To complete this work, there will be no trains in or out of Bolton at weekends and rail replacement services will be available.

Due to the complexity of this work, timetables will vary each weekend and are available two weeks in advance at **[nationalrail.co.uk](http://nationalrail.co.uk)**.

## Improving our railway

Engineering work to help improve our services sometimes affects trains, particularly at weekends and bank holidays.

Visit: [northernrailway.co.uk/improvements](https://www.northernrailway.co.uk/improvements) or call National Rail Enquiries: **03457 48 49 50** to check before you travel.

## Minimum connection times

All stations have a minimum connection time of 5 minutes unless stated. Manchester Piccadilly 10 minutes.

## Delay Repay

You can claim Delay Repay if one of our trains is late or cancelled and as a result you get to your destination station more than 30 minutes later than scheduled, whether it is our fault or not.

Visit [northernrailway.co.uk/delayrepay](https://www.northernrailway.co.uk/delayrepay) for more information.

## Community Rail Partnerships and community groups

We support a number of active community rail partnerships (CRPs) across our network. CRPs bring together local communities and the rail industry to deliver benefits to both, and encourage use of the lines they represent.

Some stations on this route are adopted by local community groups. For more information visit [northernrailway.co.uk/community](https://www.northernrailway.co.uk/community)
